### **About Parkview Place**

Parkview Place is dedicated to providing compassionate, person-centered care for individuals living with dementia. Our multidisciplinary team is committed to supporting each resident's dignity and quality of life through innovative care, community engagement, and continuous professional growth.

### **The Opportunity**

We are seeking a Registered Nurse to join our team in the Dementia Care Program. In this role, you'll assess, plan, implement, and evaluate nursing care according to the professional standards outlined by the BC College of Nurses and within your legislative scope of practice. Your work will directly impact our clients' health, safety, and well-being—helping them maintain and restore their independence and dignity.

### **Nursing Key Responsibilities:**

- Collaborate with physicians, therapists, social workers, and other professionals to plan and evaluate client care; attend multidisciplinary care meetings
- Encourage and support residents' participation in rehabilitation, recreational, and community activities to foster life skills, confidence, and social relationships
- Administer medications and treatments; closely monitor, record, and report symptoms and changes in health status
- Provide counselling, health guidance, and support to clients and their families, including home care instructions
- Prepare facilities, equipment, and supplies; assist with examinations, and treatments
- Train and supervise unregulated care providers and support staff as appropriate
- Assist residents with activities of daily living (feeding, transfers, hygiene, toileting, etc.)
- Maintain accurate documentation and communicate changes to the care team

### **Qualifications & Experience:**

- Bachelor's degree in nursing, with current registration in good standing with the BC College of Nurses & Midwives
- At least one year of recent, relevant nursing experience (or equivalent education and training)
- Excellent verbal and written communication skills
- Strong organizational skills and the ability to prioritize and work both independently and as part of a team
- Ability to build rapport and maintain trust with seniors
- Skill in recognizing and responding to changes in client health
- Respect for diversity in culture, socio-economic status, and lifestyle; knowledge of relevant Indigenous socio-historical events
- Intermediate computer proficiency (operating systems, word processing, spreadsheets, databases)
